Our History

We are known for our great technical ability in exploration, deep-underground block caving, and metallurgical processing talents as Avesoro We are committed to operating and developing mines in accordance with sound environmental, social, and governance practices; cultivating a diverse workforce; and building and maintaining strong relationships with our communities and governments. Everyone can work safely and healthily every day in an environment where everyone actively contributes to this outcome.

Avesoro is engaged in the exploration and development of gold deposits in highly prospective and under-explored areas of Liberia and Burkina Faso. Our main assets are the New Liberty Gold Mine in Liberia, and the Youga and Balogo Gold Mines in Burkina Faso. The Company also owns 100% exclusive rights to the Weaju, Gondoja, Ndablama and Leopard Rock projects in Liberia, the Ouaré, Songo and Zerbogo Projects in Burkina Faso.
